

HIGH SCHOOL PHYSICAL EDUCATION: SYLLABUS

Unit Guidelines

- Each unit will consist of instructional information, demonstration and assessment.
- Each unit will last approximately five weeks.
- Modifications and cues will be given according to the abilities of the student.

Grading

- Student's grades will be determined by utilizing the Physical Education Rubric.
- The grading policy adheres to the New York State Learning Standards.
- All four quarters count equally towards a final grade.

Student Lateness, Cutting and Participation

- Class begins five minutes after the bell, which means that you should have reported to your teacher by that time.
- Any student coming to class after the activity has begun without a pass will be marked late and unprepared.
- Students late with a pass will stay with the class or the sideline, but will not receive preparation points for that period.
- All classes held indoors will end five minutes before the end of class and for outdoor activities eight minutes before end of class.
- Students who cut physical education class will not earn any points. Teachers will follow all school procedures for students who cut class and/or are suspended.
- Students refusing or not participating will not earn participation or preparation points for the day.

Student Dress

- In order to receive full credit for dress you must have sneakers, t-shirt, shorts or sweat suit. These can not be the clothes you wear to school.
- No student may participate in any gym or field activity without sneakers.
- If a student is unprepared they can still participate. However, they will not earn preparation points for that day.
- If a student is unprepared, they must remain with his or her class.

Medical Procedures

- When a student misses a class and is legally absent from school he or she must bring in a parent's note with them (the following class) in order to make up the class. All doctor notes should go directly to the schools nurse.
- No student (for any reason) should assume he or she does not have to participate in Physical Education Class.
- A student who is out of school or medically excused from actively participating in Physical Education Class for extended periods will receive alternative assignments. These assignments are the responsibility of the student to see that they are returned to the teacher one week before the end of the marking period. It is the student's responsibility to make sure he or she receives the assignment and understands what is expected of them.

Make Ups

- Students will be allowed to make up three classes per marking period. Provisions can be made during the aquatics unit. **Make ups will be held at the discretion of the teacher.**
