

SAVVAS EasyBridge

Step 1: Select the Add Products button next to the appropriate section.

The screenshot shows the 'Classes & Products' interface for the 2021 School Year. A table lists current classes with columns for class name, roster type, product count, and an 'Add Products' button. The 'Add Products' button for the first class, '20_05_Elem_History_S1_Goodwin', is highlighted with a red box. To the right, there is a 'Learning systems' sidebar with buttons for various products like MathXL, Pearson eText, SAVVAS SuccessNet, Dash, SuccessMaker, ClassView, and realize.

Step 2: Place a checkmark next to the Savvas products students will need and select Save.

The screenshot shows the 'Add Products' modal window for the class '20_05_Elem_History_S1_Goodwin'. It lists various learning systems with checkboxes. The 'SuccessMaker' product is selected with a checkmark and highlighted with a red box. The 'Save' button at the bottom right is also highlighted with a red box.

Step 3: Verify that the product is listed under the appropriate sections.

The screenshot shows the 'Classes & Products' interface after the product has been added. The 'SuccessMaker' product is now listed under the first class, '20_05_Elem_History_S1_Goodwin', and the 'Add Products' button is highlighted with a red box.
