Clear Cache in Google Chrome 📀

1. Open Google Chrome and click the 3 dots in the upper righthand corner.

2. Hover over *History*.

3. Upon hovering over *History* a new box will appear. Click *History*.

4. You will now be directed to the History settings. Click *Clear Browsing Data*.

5. A new box will appear. Select *Advanced*. Then check off the boxes for *Cookies* and *Cached Images and Files*. When finished click the *Clear Data* button.

Clear browsing data					
	Basic		Advance	d	
Time r	ange All time	•			
	Browsing history 1 item Download history				
	Cookies and other site data From 2 sites				
	Cached images and files 82.2 MB				l
	Passwords and other sign-in data None				
	Autofill form data				-
			Cancel	Clear data	

6. Now close Google Chrome by clicking the \boldsymbol{X} button in the upper righthand corner

If you have any issues or questions or please open a help desk ticket.
